

We love where we live and we want our town to know we love it too!

Reading Family Church are dedicating the month of August to give time back into our community; through both personal volunteering in our own neighbourhoods and joining with existing projects.

We believe that our town can be transformed by showing love through simple acts of kindness to those around us. Be it through baking cakes, picking up litter, volunteering at the food bank, washing our neighbour's car or simply writing some encouraging words to someone. We are aiming for over 1,000 cumulative hours of kindness!

For more information of what we've been up to or if you want to get involved, visit
